-
- A large group of workers, mostly wearing orange high-visibility safety vests and hard hats, are seated at long white folding tables inside a large, arched, translucent tent. They appear to be attending a training session or a briefing. In the background, a man in a high-visibility vest stands near a presentation screen displaying a slide. The tent's structure is made of metal poles and translucent plastic sheeting. The floor is dirt. Various items like water bottles, papers, and tools are scattered on the tables. A large wooden spool is visible in the foreground on the left.

A yellow Deere 724K wheel loader is the central focus, equipped with a pallet fork attachment. The machine is parked on a dark, muddy surface. In the background, a white United Rentals truck is partially visible, and the sky is filled with heavy, grey clouds. The Deere logo and model number '724K' are clearly visible on the machine's body.
