

Valard Construction was selected by Wataynikaneyap Power to provide engineering, procurement and construction (EPC) solutions for the Wataynikaneyap Power Transmission Project in Northwestern Ontario, Canada.

The scope of work on the Project consists of EPC services for more than 1,600 kilometres of transmission and distribution infrastructure ranging in voltage from 25 kV to 230 kV and 22 substations. Valard created this newsletter to provide regular updates on construction activities for the 24 First Nation owner communities.

\* Yellow outline indicates work areas.

## Three-Month Lookahead – Field Activities

Proposed schedule as of June 15, 2022

Period: June 1, 2022 to August 31, 2022

**BOOTS ON THE GROUND**—Locally hired crew members tell us what working on the Wataynikaneyap Power Transmission Project means to them!

*I'M MAKING MY FAMILY PROUD*

**Evan Suggashie**, Deer Lake First Nation

This project makes me feel proud to be a part of it! I'm also proud of my own work and my family has pride in me. Valard supervisors have always supported me and have given me a chance to succeed; I have a great crew to work for and also joke around with – it's a great work environment.

My long-term career goals are with Valard as I plan to keep on advancing in the company.

## Valard is engaging with Participating First Nations to:

- \* Work with community and working groups for open lines of communication for COVID-19 updates with regards to travel and Community access directives
- \* Work with communities to identify camp locations and services available to support work camps
- \* Facilitate and coordinate opportunities for employment and procurement of goods and services with communities and working groups
- \* Provide notification of encounters with sensitive wildlife such as caribou sightings to communities near the encounter
- \* Provide notification of field work associated with monitoring caribou permanent survey plots throughout the project area
- \* Provide the Chief and Council with any additional work packages and maps in their Homeland area, includes: Permit to Take Water, Helicopter Pads and any additional camp locations if required
- \* Provided Power Mobile Equipment (PME) training for employees

Project employees during a work presentation

A piece of heavy machinery used on the project

Valard accompanied representatives from Wataynikaneyap Power and OSLP during July 29—August 1 to complete blessings on 8 Valard camps. During these visits representatives from each company spoke with employees that were present. Smudging was completed in the facilities kitchens, offices, dorm rooms and rec rooms. An offering was provided to the land at each camp location. The camp locations visited were as follows:

- \* Sandy Lake First Nation, North Spirit Lake First Nation & Deer Lake First Nation

## Valard Indigenous Relations Team:

The Valard Indigenous Relations Team consists of the following members for the Wataynikaneyap Power Transmission Project and can be contacted at: [IndigenousRelations@valard.com](mailto:IndigenousRelations@valard.com):

- \* **Blaine Collett**—Sr. Director Indigenous Relations
- \* **Terrance Bob**—Indigenous and Stakeholders Relations Liaison
- \* **Randal Courchene**—Indigenous and Stakeholders Relations Liaison
- \* **Blaine Paul**—Indigenous and Stakeholders Relations Liaison
- \* **Amber McGrandle**—Indigenous Relations

## Health and Safety

- \* **Valard is following the most up to date medical advice provided by federal and provincial government in its own measures to help limit the spread of Covid-19.**
- \* Ongoing Covid-19 screening program, camp inspections, program audits, response drills and Valard Covid-19 Vaccination program for eligible employees
- \* Hazard analysis and control planning every day
- \* Development, implementation and monitoring of safe work procedures
- \* Project onboarding, orientation and training/development of workers and subcontractors
- \* Emergency preparedness and planning, mock emergency drills completed
- \* Joint Health and Safety Committee Involvement
- \* Promotion of Project's Alcohol & Drug Policy, Maintenance Support Security Program and Employee Assistance Program.
- \* Security Protocols implementation and monitoring
- \* Fall Protection and Rescue Planning for tower climbing Best Practices

## Employment Opportunities

- \* Valard Construction invites members of the Participating First Nations to apply for the following positions.

### Construction Liaison—Deer Lake
