$\langle \mathbf{A} \rangle = \frac{1}{N} \sum_{i=1}^N \mathbf{A}_i$

-

A yellow and black Peterbilt 724X wheel loader is the central focus, equipped with a pallet fork attachment. The machine is parked on a dark, uneven dirt surface. In the background, a white United Rentals truck is partially visible, and a large white building with multiple doors is situated under a cloudy sky.
