

Valard Construction was selected by Wataynikaneyap Power to provide engineering, procurement and construction (EPC) solutions for the Wataynikaneyap Power Transmission Project in Northwestern Ontario, Canada.

The scope of work on the Project consists of EPC services for more than 1,600 kilometres of transmission and distribution infrastructure ranging in voltage from 25 kV to 230 kV and 22 substations. Valard created this newsletter to provide regular updates on construction activities for the 24 First Nation owner communities.

\* Yellow outline indicates work areas.

## Three-Month Lookahead – Field Activities

### BOOTS ON THE GROUND - PROJECT ONBOARDING

Left to right: Nikita Suggashie, Lovina Quill, Calum Suggashie, Nathaniel Quill, Brentyn Moose, Reno Turtle and Ian Quill

On June 10, 2023, members of Valard's Indigenous Relations and Human Resources team assisted with the onboarding of seven new assemblers from Pikangikum First Nation (Whitefeather Forest initiative).

The Valard team met with the chief and a council member, attended a community tour and answered questions and inquiries regarding the onboarding process. The new assemblers went through the onboarding process, filled out paperwork and were seen off by parents, grandparents and other family members as they travelled from their community to begin work on the Wataynikaneyap Power Transmission Project.
